---

Software Engineer with 2.5 years of experience in both company settings and freelance work. Specializing in front-end development using ReactJS, I focus on building large-scale web applications with clean, efficient code. Recently graduated in Informatics Engineering from Aleppo University, with a specialization in Artificial Intelligence. I have a foundational understanding of back-end technologies such as ExpressJS and MongoDB.

WORK EXPERIENCE

Software Developer
Innovura
KSA, Riyadh, Remote   3/2023-11/2024
- ❖ Atlassian · JIRA · Jira cloud developer · Forge · Bitbucket · React · React Query · Tailwind
